Project Description

1. Is your project:

2. Type of project:

3. Number of existing units?

4. Number of proposed units?

5. For nonresidential spaces, estimated water use: _____ (gallons per day)

6. Will existing structure: Remain Be Demolished Be Relocated

7. Description of development:

Submit Requests to: DPW.LateralProgram@santacruzcountyca.gov

For proposed developments with 10 or more dwelling units, a sewer capacity study must be completed before a sewer availability letter can be issued. For proposed developments with 50 or more dwelling units, the applicant must establish an at-cost account with a minimum initial deposit of \$3,000 to cover County staff time required to perform a detailed sewer capacity analysis. Proposed non-residential developments will be evaluated on a case-by-case basis. Depending on the size and anticipated sewer demand, the applicant may be required to establish an at-cost account to fund the sewer capacity evaluation.
